There would only be approximately 6 nights out of the year that children are on the playground at night during football games. VI. DISCUSSION ITEMS

A. Potential Spanish Trip

Ms. Kuehn presented a potential trip to the Dominican Republic. Ms. Kuehn will bring more specific information back for the May meeting to ask for Board Approval.

B. Energy Audit from Alpha Controls

Mr. Buchs stated that we received an energy star rating of 80 out of 100. Our building uses less energy than most buildings like ours. Our gas and electric usage are below average for buildings of our size. Mr. Buchs feels that all of our improvements on the building have proven to be effective.

C. Review First Draft of the 2022-2023 School Budget

Mr. Buchs stated that the revenues are a big guess. Everything in the budget is very conservative. Our 3-year average in enrollment is what is being watched. Next year's enrollment projection looks good but is only an estimate. Our original draft budget had shown health insurance increases of 7.2% but now this will change as we found a better option which will show a savings of 1.9% for the upcoming year.

D. Discuss Strategic Planning Process

Last Summer a committee was formed to create a Strategic Plan for the district. Mr. Buchs' goal is to have all staff be on one of 4 committees to solicit input and buy in while also being part of the improvement process by helping set and monitor goals for progress in the areas of the school improvement process.

VII. PUBLIC COMMENTS
