

Good Morning,

Please see this week's schedule here: [November 18th Weekly Schedule](#)

We are nearing Thanksgiving already which means it is time to reflect upon what we are thankful for. Sometimes, we can get busy with our hectic lives and forget that we have a lot to appreciate and be thankful for. I believe we are lucky to live in a place like Belmont and to have the community that we have. Our students and staff are very thankful that we have such wonderful support from the community. We have the best students who are kind, intelligent, and respectful. Things are never perfect but can only be as good as we make them. Our staff is invested in our students and go above and beyond to help our students with their academics and also to help them become the best version of themselves. Thank you to all of our staff who show up each day doing their best to make a difference in the lives of our students! I also want to thank our parents for caring for your children and supporting their education. This seems like a simple expectation but in the crazy world we live, this doesn't always happen. In Belmont, I truly feel our families and parents are top notch. In reflection, this is why I am so happy that my family came back to Belmont. I am very thankful to work with each and every one of you! I hope you all have a great Thanksgiving next week and take the time to reflect on the many things to be thankful for.

As a reminder, we do not have school on November 27th-29th for Thanksgiving Break.

Have a great week!

Sincerely,

Beau Buchs

Superintendent
