Response Deadline

The FCC requires school districts to bid for the services outlined in this RFP. The Belmont Community School District filed the Universal Service application form #470, requesting the services outlined in this RFP, 1/23/2026 in conjunction with the open window of the SLC Website. The Schools and Libraries Corporation will process the application and post the information from form #470 to the SLC website (<http://www.universalservice.org/sl/>). The request for service must be on the SLC Web for at least 28 days to allow service providers to respond accordingly. After 28 days the School District will evaluate the Web posting, or by any other means, and award a contract.

Allowing for processing by the SCL and the 28-day open bid period, the deadline to respond to this RFP is February 20, 2026.
